~R (2.7 m) Hip/Cradle Carry only

~S (4.2 m) up to 130 lbs and 5'4"

~M (4.6 m) up to 160 lbs and 5'8"

~L (5.0 m) over 160 lbs and 5'8"

~If you have a particularly long torso, or wear a large bra size, please choose one size larger than suggested above.

- ~100% cotton fabric, hand-woven in Guatemala.
- ~No toxins or heavy metals.
- ~Generous width (30") allows for maximum versatility, including back carry positions.
- ~Lightweight, open weave is breathable and easy to manipulate.
- ~Simple, tied fringe is easy to care for and perfect for little, fidgety fingers.

Washing Instructions

Wash your EllaRoo Wrap in cold water, gentle cycle. Hang in a well-ventilated area to dry overnight. The fabric will soften with use.

The Wrap is not pre-washed. The extra dye will bleed from the fabric the first few times it is washed. Please wash separately, and rinse thoroughly (washing machines are easiest, on gentle cycle). Do not let the Wrap soak in water for extended periods before the extra dye has been washed out.

A little about the EllaRoo Company

~We do everything we can to reduce waste and recycle in our daily procedures and manufacturing processes.

~We use natural materials whenever possible.

~We look for the shortest supply chains in sourcing materials and products.

~We strive to achieve the highest quality workmanship, while maintaining family-friendly prices.

As parents and business people, we set ourselves certain standards of conduct and quality. We hope that all of these things come together into a product that you can be proud to purchase and own.

We value your opinion!

Wrap Baby Carrier Safety Precautions

- ~**Toddlers:** When wearing a toddler on your back, the most secure position for the fabric is pulled up to the armpits (arms out) or neck (arms in), depending upon the mood of your baby. Especially when using the rucksack position, be alert for arching of the back, which can shift the bottom edge of the fabric into a less secure position.
- ~Keep an arm around baby when bending over.
- ~A sling is not meant to be a safety restraint in the car or airplane.
- ~Do not use your sling while cooking.
- ~Always be aware of your baby's position in the sling. Do not use the sling with an uncooperative child.

Wearing Tips

- ~Success with any baby sling takes a little practice. You can ease the process by making sure that baby is fed, rested, and happy before you try the Wrap the first few times. It won't be long before you will both turn to the Wrap for comfort.
- ~The first few times you tie baby on your back, make sure that you are either over a soft surface or with another adult. You will quickly learn to do it yourself.
